RE: South Carolina Electric & Gas Company;
Notice of New Natural Gas Construction Project

Dear Ms. Boyd:

South Carolina Electric & Gas Company ("SCE&G" or "Company") is required to notify the Public Service Commission of South Carolina ("Commission") and the South Carolina Office of Regulatory Staff ("ORS") of natural gas construction projects resulting in a cost of \$500,000 or more. See 26 S.C. Code Ann. Regs. 103-412.2.7(A). In compliance with Commission regulation, this letter serves as notification to the Commission and ORS that SCE&G plans to improve its natural gas pipeline system in Berkeley County, South Carolina by constructing a new, eight-inch polyethylene gas pipeline extending approximately 11,000 feet from Highway 176 (Saint James Avenue), and predominately alongside Highway 17-A, to Cypress Gardens Road. In conjunction with this new gas pipeline, the Company will also construct a new, six-inch polyethylene gas pipeline near Lazy Hill Road that will run alongside Cypress Gardens Road for approximately 4,500 feet. This project is necessary to ensure reliable service to the growing customer base in the Goose Creek, South Carolina area.

This construction project will occur in two phases. Phase 1, consisting of approximately 11,000 feet of eight-inch polyethylene pipe, is scheduled to begin in May 2010 and will be identified as Highway 17-A Feeder Main. Phase 2, consisting of approximately 4,500 feet of six-inch polyethylene pipe is scheduled to begin in June 2010 and will be identified as Blackstone to Highway 17-A Feeder Main. The Company anticipates that the total cost of this construction project will exceed \$500,000.
